Your breakfast

At Duchy House we strive to provide the best possible breakfast and to do this we're committed to using the highest quality local produce. This not only supports the local economy but guarantees freshness whilst reducing food miles and waste. We even bake our own bread every day, so we know exactly what goes into it, plus it makes the toastiest toast!

Our suppliers

Our eggs come from the nearby village of Meavy where Jenny, of Meavy Maid, has her farm. Once battery hens, they are now happy free range chickens, scratching around in the fertile Dartmoor soil, breathing in the amazing clean air and taking in the stunning views. Jenny also makes all our jam and marmalade, although the Dartmoor climate means she doesn't grow her own oranges!

All our meat - sausages, bacon and hogs pudding - comes from our local butchers Palmers, 6 miles away in Tavistock. A traditional family butcher, all sausages are made by hand on the premises to a family recipe. "*What's hogs pudding?*" I hear you ask...

Well it's nothing like black pudding. Hogs pudding is a traditional Devon type of pork sausage but with a firmer texture and a slightly peppery taste.

Fresh fruits and vegetables come from our local supplier in Tavistock. Although everything may not be organic, it is fresh and full of flavour.

Last but by no means least - coffee. Life is too short for bad coffee, so we only use the highest quality beans, roasted less than five miles away in Horrabridge by Dartmoor Coffee - freshly ground to order for every cup.

Enjoy your breakfast!
